**Part XIII** Supplemental Information (continued)

Part X, Line 2:

The Organization follows FASB ASC 740-10, "Accounting for Uncertainty in Income Taxes." This pronouncement seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. It prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. An entity may only recognize or continue to recognize tax positions that meet a "more likely than not" threshold. The Organization assesses its income tax positions based on management's evaluation of the facts, circumstances, and information available at the reporting date. The Organization uses the prescribed more likely than not threshold when making its assessment. The Organization has not accrued any interest expense or penalties related to tax positions for the year ended June 30, 2024, and there are currently no open Federal or State tax years under audit.

The goal of the program was to stabilize neighborhoods through the acquisition and rehabilitation of foreclosed properties. The Organization rehabilitated and constructed a total of 41 housing units in the City of Lake Worth as a result of this opportunity. A total of 17 units were sold by the Organization to income-qualified households between 2010 and 2014. Twenty-four units were retained by the Organization and are currently being used as affordable, defined as below fair market rent rates, rental properties for low-income families. In accordance with HUD's national grant guidelines, the units are deed restricted, protecting their affordability for 20 years from the date of completion of construction. The program maintained a 89% occupancy rate during the fiscal year and served 103 residents.

Expenses \$ 377,248. including grants of \$ 38,929. Revenue \$ 184,441.

homeownership and rental opportunities to income qualified households.

For one homeownership unit, a land lease model is used in which the Organization retains ownership of the land while the purchaser owns the improvements. Rental opportunities primarily consist of the nine-unit Wiley Reynolds Gardens apartments. The units offer low-income families and families experiencing homelessness housing that is priced below 50% of the fair market rent rates. 34 residents were served during the fiscal year and 100% of the heads of household of participating families were employed full time during the fiscal year.

Expenses \$ 194,980. including grants of \$ 18,210. Revenue \$ 72,215.

#### Program REACH

The Organization operates Palm Beach County's main emergency shelter serving families with minor children experiencing homelessness. Program REACH (REACH) provides 19 apartments ranging from one to three bedrooms. Families receive up to 90 days of immediate and safe housing paired with supportive services and resources to seek a permanent housing solution. program significantly increases the Organization's capacity of three core interventions - diversion, emergency shelter, and rapid re-housing - through direct client assistance dollars, expanded staff, and strengthened infrastructure. A total of 351 families were served through the Day 1 Diversion program's unique case management style where solutions to ending homelessness quickly and without need for shelter or housing services are explored. 33 families were provided emergency shelter in which 73% exited to a permanent housing solution. 15 families were housed through the rapid re-housing program and 90% exited to a permanent housing destination this fiscal year. #### Mental Health Wellness

The Mental Health Wellness Program's (MHW) primary goal is eliminating barriers to mental health services for the Organization's high-need participants and to improve their mental health and family functioning. Though many families served by the Agency are in need of mental health services, a significant portion of the Organization's families do not engage with therapists due to barriers such as lack of transportation, acceptable health coverage, financial requirements, and provider availability. In addition, the onsite therapist is available for crisis intervention and de-escalation, and provides guidance to case managers of the families. 81 individuals, including 15 children, engaged in therapy during the fiscal year. 94% of the clients enrolled in the program have shown improved mental health based on scores in the DSM-5 Cross Cutting Symptom Measures tool. The Building Your Future job coaching program was created to assist clients in preparing for and increasing employment as well as setting up goals to obtain training and education. 62 new clients engaged in services with the Job Coach Manager this year.
